CAMPAIGN GUIDE

Information about the campaign
and how to get involved

WHAT IS NATIONAL NUMERACY DAY?

National Numeracy Day builds brighter futures through confidence with numbers.

- It is run by independent charity National Numeracy and the campaign's Founding Supporter, KPMG.
- It is the UK's only day dedicated to everyday maths.
- It celebrates the importance of numbers in everyday life and inspires children and adults to improve their numeracy, because improving numeracy changes lives at home, work and school.
- National Numeracy Day has inspired people to take 1.5 million to improve their numeracy since 2018.
- Everything is free! The campaign's generous supporters ensure all our resources are free for everyone to use.

[Watch the highlights from 2023](#)

WHY IS NATIONAL NUMERACY DAY IMPORTANT?

- The UK's numeracy levels are significantly below the average for developed countries.
- **49% of the UK's working-age population have the expected numeracy levels of a primary school child.**
- **Millions of children leave school lacking number confidence.** 30% of school-leavers (18-24s) feel anxious about using maths and numbers. They are the most maths-anxious adult group in the UK.
- Poor numeracy costs the UK economy £25 billion a year.
- Struggling with numbers can make people more vulnerable to debt, unemployment, poor health and fraud – all of which have been exacerbated by the cost-of-living crisis.

CAMPAIGN AIMS

The campaign drives:

Awareness

The campaign will raise awareness of the numeracy issue and will support people across the UK to see why understanding and working with numbers in real life – at work and at home – is so important.

The campaign will promote the wider benefits of good numeracy for communities, society and the UK economy.

Engagement

The campaign will encourage meaningful engagement through event attendance and use of our practical resources and activities which focus on our three main themes: managing money, getting on at work, and supporting children.

Action

The campaign will empower adults to improve their number confidence and skills by using the National Numeracy Challenge.

The campaign will inspire children to consider the ways they'll need to use numbers and maths outside of the classroom, from their hobbies and interests to their future careers.

**National Numeracy Day has inspired people to take
1.5 million actions to improve numeracy since 2018**

ABOUT NATIONAL NUMERACY

- [National Numeracy](https://nationalnumeracy.org.uk) is the UK's only charity dedicated to helping people feel confident with numbers and using everyday maths.
- The charity's mission is to empower children and adults in the UK to get on with numbers so they can fulfil their potential at work, home and school.
- National Numeracy's work improves how people understand and work with numbers in everyday life, sparking better opportunities and brighter futures.
- National Numeracy is a registered company (company no: 7886294) and charity (charity no: 1145669). nationalnumeracy.org.uk

OVERVIEW OF NATIONAL NUMERACY DAY 2024

- National Numeracy Day is on **Wednesday 22 May 2024**, but activity runs across the whole of May, so please keep communications up throughout the month.
- The campaign will encourage the nation to improve its numeracy by raising awareness of the issue and offering a range of free activities and resources, backed by our Delivery Partners and celebrity ambassadors.
- We support adults and children, and this year there is a vast array of activity happening, detailed in this deck.

DELIVERY PARTNER ACTIVITY

Key activities for Lead Delivery Partners to take part in and promote includes:

- ★ **1. Sign-ups:** Recruit nurseries, schools, education providers, community groups and organisations to get involved. (See page 11)
- ★ **2. National Numeracy Day hub:** Everything your communities need to get involved. (See page 12)
- ★ **3. The National Numeracy Challenge:** Encourage people to give our tried and tested free confidence and skills building online tool. (See page 13)
- ★ **4. The Big Number Natter:** Engage your staff and communities in the campaign by encouraging them to get involved in the UK's only nationwide conversation about numbers. (See pages 15-16)
- ★ **5. Media opportunities:** Your company is at the forefront of tackling the UK's numeracy crisis – shout about it! (See page 18)

SUPERCHARGE OUR SIGN-UPS

★ Please encourage your networks to get involved in National Numeracy Day. **Use your trackable sign-up links to recruit schools and organisations.**

The day is for children and adults, and we'd encourage everyone to sign up, whether they're from a nursery, school or college, an organisation, workplace or community group, or an individual looking to improve their own numeracy.

Anyone who signs up will receive a toolkit, which provides everything needed to:

- 1. Make the most out of the day:** Heaps of free, fun and practical resources, videos and activities for children and adults
- 2. Join The Big Number Natter:** Be part of the UK's only nationwide conversation about numbers – in person and online.
- 3. Organise activities in education and community settings:** Inspire children, young people and adults to boost their number confidence .
- 4. Try the National Numeracy Challenge:** Build skills and confidence with numbers with our tried, tested and free online tool. Over 500,000 registered user can't be wrong!

NATIONAL NUMERACY DAY HUB

★ Please promote the National Numeracy Day hub to your colleagues, customers, communities and wider networks. **Use your trackable campaign webpage link.**

- The National Numeracy Day hub is the go-to place for people looking to improve their numeracy. It's jam-packed with all the free resources and inspiration needed to get the nation feeling good about numbers.
- The website is a great place for people to get resources for themselves, their children, or anyone they support.
- From celebrity videos and worksheets for kids, to real life advice for adults, the National Numeracy Day hub has everything people need this #NationalNumeracyDay.

NATIONAL NUMERACY CHALLENGE

The National Numeracy Challenge is a free and easy-to-use website for improving number skills and confidence.

★ **Please encourage your colleagues, customers and communities to have a go! Use your trackable National Numeracy Challenge link.**

Internal audiences: It is the perfect next step after your staff have had a Big Number Natter or to support any internal activity.

External audiences: It is a great way to boost the number confidence of your customers and communities. Suitable for age 13+.

[Watch a short video about the National Numeracy Challenge](#)

ENGAGING ADULTS

 Please invite organisations and community groups in your networks to sign up. **Use your trackable sign-up link (16plus).**

Activities for adults include:

- **The Big Number Natter:** the UK's only nationwide conversation about numbers
 - Supported by a suite of resources
 - Case studies that tell 'real-life' stories and videos about the transformational power of numeracy improvement
 - Celebrity and influencer involvement
 - Media campaign
- **Staff engagement:** resources for workplaces.
- **Resources:** to help with the three themes our charity covers – numeracy for work, money management and supporting children – including downloadable tip sheets and videos from our experts and celebrity ambassadors.

THE BIG NUMBER NATTER

Love it or loathe it, we all have something to say about maths!

The Big Number Natter is the UK's only nationwide conversation about numbers.

WHAT? The Big Number Natter is the only nationwide conversation about numbers. It's an opportunity to have a chat about numbers and change lives for the better. The story behind your lucky number, tips for bagging a bargain, calculations in your career, or helping kids with homework...love it or loathe it, everyone has something to say about maths!

WHY? Half the UK's working age adults have low numeracy levels, which makes people more vulnerable to debt, unemployment, poor health and fraud. But everyone can improve their numeracy and talking about numbers is a fantastic first step.

WHEN? This May! National Numeracy Day is on Wednesday 22 May 2024, and we'll be number nattering throughout the whole of May.

WHERE? Celebrities, experts and people across the UK will be sharing their own number stories on social media. Your organisation can get involved with our staff engagement resources.

STAFF ENGAGEMENT: THE BIG NUMBER NATTER

Get your organisation involved:

-  1. **Hold a Big Number Natter** internally with groups of colleagues or teams. Your toolkit includes resources to make this easy and straightforward for your teams. Resources include editable posters, quick conversation starters for shorter informal chats, and a step-by-step guide and slide deck for longer, more formal sessions.
-  2. **Internal communications:** Share Big Number Natter videos, images and stories across your organisation. Ask colleagues and leaders to share videos and stories about their own experience of numbers, good or bad. Share individual stories or work together as a team to create something to share with the wider organisation.
-  3. **External communications:** Encourage leaders to get involved and ask colleagues to share their Big Number Natter videos, stories and photos on social media using #BigNumberNatter. They can tag your organisation to reshare on your official channels.
-  4. **After The Big Number Natter:** as next step, staff can have a go at the [National Numeracy Challenge](#) (see page 17).

Get your teams nattering about numbers
with the Big Number Natter resources in your toolkit

ENGAGING CHILDREN

★ Please invite nurseries, schools and community groups in your networks to sign up. **Use your trackable sign-up link (under 16).**

They receive one of three age-group appropriate bumper packs of free, fun resources, including celebrity ambassador videos and activity sheets.

Children's activities include:

- **National Numeracy Day Live:** 30-minutes of non-stop number fun with a space themed on-the-day livestreamed event for schools, with celebrities and CBeebies Numberblocks.
- **Number Heroes Competition:** Led by Bobby Seagull, our competition asks 3-13 year olds tell us all the ways they'll use numbers and maths in their hobby or future careers.
- **Resources:** A fantastic array of free, fun and practical activities and resources for use at nursery, school and home.
- **The Big Number Natter:** Secondary-age children can get involved in the UK's only nationwide conversation about numbers.
- **Challenge:** Children aged 13+ can use the National Numeracy Challenge to boost their number confidence and skills.

MEDIA OPPORTUNITIES

National Numeracy Day is the perfect opportunity to highlight your organisation's support of one of the UK's most challenging issues.

 **Your organisation is at the forefront of tackling the UK's numeracy crisis – shout about it!**

Talk about your organisation's involvement in the campaign, both internally and externally.

National Numeracy delivers a high-profile media campaign to promote National Numeracy Day, but the more we can get the message out about the fantastic benefits of improving numeracy to individuals, communities, business and society, the better!

Please get in touch if you would like to discuss any media opportunities.

- **Talk about your support of the campaign** via internal communications to colleagues to inspire engagement across your workforce.
- **Write news articles and blog posts** on your website or newsletters to tell external audiences about your involvement.
- **Share social media posts and videos** about #NationalNumeracyDay and #BigNumberNatter across your social accounts.
- **Seek out and secure local, regional and national media opportunities** to talk about numeracy, your support of the campaign and any activity you have planned.

KEY MESSAGING OVERVIEW

Overview of messaging

Example messages can be copied or amended as you see fit and used across your communications including emails, newsletters, internal, socials and more.

The tone of voice for National Numeracy Day is always friendly, inclusive, empowering and supportive. It is never patronising or competitive.

We will always be sensitive to external context that demands messaging is flexed.

Please get in touch with any concerns that your organisation has around promoting National Numeracy Day.

On the following pages

We have included sample messaging to support every aspect of the campaign that you will be involved in – with both internal and external messaging.

- Promoting your support and Lead Supporter announcement
- Recruiting schools and organisations
- Promoting the Big Number Natter
- Promoting the website and free resources
- Promoting the National Numeracy Challenge

Announcing your support: long (email/newsletter/intranet)

We are delighted to be a Lead Delivery Partner for National Numeracy Day, the UK's only day dedicated to everyday maths!

On Wednesday 22 May, we'll join independent charity National Numeracy to help children and adults across the UK feel confident about numbers at school, at work and at home.

There'll be heaps of free resources, activities and videos, including inspirational stories from people who've improved their numeracy, to practical advice and tips from real-life learners and celebrities! We'll be helping people to get on at work, support their children, and make their money go further by boosting their confidence and encouraging them to brush up on their numeracy skills.

National Numeracy Day raises awareness of the importance of numbers in everyday life and empowers people to improve their numeracy. For more information go to [\[Insert your trackable campaign website link\]](#).

EXAMPLE COPY: SIGN UP SCHOOLS
