

## Parental Engagement Audit Tool

### Initial Questionnaire

Your name	
Your school	
Do you have arrangements in place to develop or review a strategy for parental engagement?	
Will you involve parents in the process of developing or reviewing your strategy?	
Will you consult your pupils about the strategy?	
Will you include any other relevant parties?	
Is your strategy inclusive of all parents and families, including those who are not currently engaged and children who need extra support?	
Does your strategy provide clear guidelines on identifying and overcoming barriers to engagement?	

Does your strategy outline how you will work with families who find it difficult to support their child's learning?	
Does your strategy take into account the needs of children who are not living with their families?	
Does your strategy promote equal opportunities and take account of the needs of minority groups?	
Does the strategy have clear links to any other relevant policies?	
Does your strategy take account of the training and development needs of staff working with the children and their families?	
Do all your school improvement plans include parental involvement?	
Have families in the pre-school sector been made aware of the benefits of parental engagement in education?
