

## Shopping for a picnic

### Talk about

Prital and Mita are planning a picnic. These are the things they want to take but they only have £10.00 to spend. What choices do they have to make?

Are the offers all good? Do they need that much?

Food	Price	Special offers
Bread rolls	Pack of 4 for £2.00 or 60p each	
Samosas	4 for £1.60	Large pack: 10 for £3.50
Cheese	500g for £3.00 or 250g for £2.00	
Apples	20p each	Pack of 5 for £1.50 Buy one pack, get one pack free
Doughnuts	19p each	Large pack: 12 for £2.40
Orange juice	Bottle 600ml for £4.80	Pack of 5 x 100ml cartons for £2.50
Grapes	500g for £1.80	Buy one pack, get one pack half price
Bar of chocolate	200g for £1.70	Buy two for £3.50
Water	free	

## Shopping for a picnic

### Apply to real life

Plan food for your family for a day out – look in a shop or online and work out the cost. Which items do you need (to eat sensibly) or want (treats such as cake)?

Are there any items on special offer?

### Tips for grown-ups

Make sure that the choices offered to your child are foods that they will eat, so that the discussions are about money more than food!

Be positive about the maths as a way of saving money and using money wisely.

### Notes, comments and observations

### Curriculum Link

- Recognise symbols £ and p
- Combine amounts to make a value
- Add/subtract amounts of money, using £ and p in practical contexts
- Solve simple problems involving fractions and decimals
- Key vocabulary – price, cost, offers, spend, save
