

TEACHING ASSISTANTS

NEEDED FOR A NATTER!

TAs! You encourage students to talk about how they feel, but have you ever talked about how YOU feel...about numbers?

Independent charity National Numeracy found 43% of trainee teachers lack either confidence or skills, or both, when it comes to maths*.

WHAT?

Join the Big Number Natter: the only nationwide conversation about numbers. It's an opportunity to talk about how we feel about maths, and love it or loathe it, everyone has something to say!

WHY?

If you feel more confident with numbers, the children in your care will too. Having a Big Number Natter is a great first step.

WHEN?

*Of 11,000 trainee teachers who used the charity's online skills and confidence building tool, the National Numeracy Challenge, 43% were either low in maths skill, low in maths confidence or both.
