At the zoo

At the zoo, there are many different types of animals.

Some have 2 legs, some have 4 legs, some have more than 4 legs and some have none at all!

Can you and your family think of all the zoo animals you like?

How many legs does each one have?

Try to group them according to the number of legs.

You could draw:

- A picture
- A pictogram
- A tally chart
- Bar charts or a table

Could you think of an animal for each group?

Which group had the most?

How many more had 4 legs than had no legs?

School level: Y2/P3

Silly string

What you will need:

- A ball of string or a long rope
- Imagination

All players should stand in a circle and hold on to the string or rope with both hands, with one person holding on to each end of the rope to make a closed circle.

Nominate someone different each time to call out a shape so that the whole group has to move the string or rope into position to make that shape.

Here are some shapes to get you going:

Finding it too easy?

Try to create different shapes without talking, or try it blindfolded!
What did everyone like or dislike about this activity?
