**National
Numeracy
Day**

Planning a trip

You have £100 to spend on a day out.

Where would you go?

Would you take any family members?

How much would it cost?

Could you visit more than one place?

Make up a day's plan of real places to visit and how much it would cost. Here is an example of a day out, but you can go anywhere you like! You don't have to use all your money.

Place	Who	Cost	Total
Castle	2 adults and 2 children	Adults: £8.00 each Children: £5.00 each	£26.00
Beach	1 adult and 2 children	Only ice-creams: £2.00 each	£6.00
Zoo	2 adults and 2 children	Adults: £15.00 each Children: £6.00 each	£42.00
Ice skating	1 adult and 4 children	Adult: £10 Children: £4 each	£26.00

Curriculum Link: Add and subtract amounts of money using both £ and p in practical contexts.
School level: School level: Y3/P4
